EVENT INFORMATION

ABRELPE, ISWA National Member in Brazil will realize, from May, 9th to May 12th, the Public Cleansing and Solid Waste Management Seminar - **RESILIMP 2006**. This edition of Abrelpe's Seminar will bring for the first time in Brazil, an **ISWA Beacon Conference**, which will congregate the most important names of the waste management sector from all around the world. Together with the Seminar, will take place Feilimp – International Solid Waste and Public Cleansing Fair, an international exhibition that will show the newest technology available to this sector in Latin America.

ISWA Beacon Conference programme will be entirely focused in the international scene and will present various speeches on **Waste Treatment and Final Destination**. RESILIMP 2006 will deal with the most recent issues about waste management in Brazil, with presentations about MSW, Healthcare Waste and Hazardous Waste Management. Recycling, Reuse, Reduction and Recovery will be presented either.

- **Purpose**

Present, discuss and divulge trends and solutions to solid waste management field, making the information interchange an important tool to stimulate investments in this market and to make people more sensitive to the questions affected to it.

- **Mission**

Realizing these events, ABRELPE wants to demonstrate the social value of the activities taken by the represented companies and professionals from the waste management sector. In this way ABRELPE desires to give greater status to the represented sector, showing the importance of the implemented actions.

- **Who should Attend?**

CEOs, Managing Directors, Operations Managers, Waste Contractors, Local Authorities Officers and Councilors, Government Officials, Business Development Managers, Consultantes, Advisors, Regulators, Teachers, Students, and NGOs Representatives.

- **Date and Venue**

May 09 to 12, 2006
Expo Center Norte – Yellow Pavilion
Av. Otto Baumgart, 1000 – Vila Guilherme
São Paulo – SP – Brazil
